SUBJECT: SUPPLY AND ERECTION OF PRE – ENGINEERED STEEL BUILDING
WAREHOUSE AT PHOOL-NAGAR-PAKISTAN

Dear Sir,

Thank you for considering IZHAR STEEL (Pvt) Ltd for this valuable inquiry. On the basis of your requirement, we are submitting you the Technical & Commercial Proposal. The detailed parameter for this particular inquiry has been mentioned in Section-I below.

Highlighted Points;

- The proposed building is consisting of following two options.
 - Option-1: Conventional Sheeting Pattern at Roof
 - Option-2: Standing Seam Lock pattern at Roof
- In building accessories Wall lights and Double Sliding Doors are considered in this proposal.
- Side walls & interior walls columns are designed on fixed based pattern.
- **Collateral load of 0.2 KN/m2 for solar panel (solar panels & its supported structure by others) is considered at roof of the building. If any other load will apply then this proposal will be revised accordingly.**
- **Any additional framing for solar panel is not considered.**
- The Design Loads/Codes mentioned in Section-2 of this Proposal have been considered as per the prevailing norms. The Client may require any amendments which would be incorporated in Revised Proposal.
- ISPL Quotation and Proposal Drawings (Latest Revision) will supersede all bid documents, discussions & previous revisions (if any). In case, this Quotation deviates any Client's requirements, we shall submit a Revised Quotation accordingly.
- Any change from the Contractual Parameters, if marked by the Client at the stage of Approval Drawing phase, shall be charged according to the latest rate at that time along with the revised timelines. Technical and Commercial approval from the Client shall be required to incorporate that change in the Project.
- All above mentioned points are integral part of "**Section 10**" of this quotation
